***Principal,***

**Every year WORLD ENVIRONMENT DAY is celebrated on June 5 across the globe. It is one of the biggest events organised by the United Nations (UN) with an aim to generate awareness about the significance of nature.**

**The day is celebrated to let people know the value and remind them that the environment should be taken care of.**

**Internal Quality Assurance Cell (IQAC), NSS Unit, Faculty members, Alumni Association and students of Thambal Marik College, Oinam also celebrated the World Environment Day of this year on 5th June 2021. Due to Covid-19 pandemic and imposed of the curfew in the state of Manipur, India, the programme was celebrated on Online mode, witnessed by the photographs of tree plantation at respective places of their choice.**

**As a part of the world Environment Day 2021 celebration, the college also organised a slogan competition of the students of the college with the theme on “Ecosystem Restoration”.**

## **SPEECH ON WATER**

- Water is a necessary commodity for all living organisms.
- Life cannot thrive without water.
- Life originated in water.
- 70% of the earth's surface is composed of water, 3% of which is freshwater. Most of the freshwater is trapped in polar ice caps.
- Water pollution is caused due to various human activities like bathing, washing clothes and dumping waste into water.
